Realistic Fire Extinguisher Training

Description:

The Passfire™ Burn Pan is used in fire extinguisher training. The unit is specifically designed to be used when complying with OSHA 1910.157 (g) (1) which states, “Where the employer has provided portable fire extinguishers for employee use in the workplace, the employer shall also provide an educational program to familiarize employees with the general principles of fire extinguisher use and the hazards involved with incipient stage fire fighter”.

Benefit of Product:

The Passfire™ Burn Pan provides hands on training and education in fire suppression. This product is manufactured using 16’ gauge grade 304 stainless steel, and contains quick disconnects bearing a portable long lasting unit. The Passfire™ Burn Pan is a cost effective, mobile solution to contained, safe and controlled burns for training purposes.

Product Specifications:

- Dimensions of pan 25”l x 25w” x 16”h
- Legs raise the pan 6” above ground
- Drain in the pan for easy water removal
- Copper tube sets 4” off the bottom
- 25’ propane hose
- Flow pressure regulator on the propane tank
- 5 1/2 “ of water in the pan is 15 gallons

Cost:
